If your pet is taking any medication while boarding with us, there is an additional charge, per night, for medical boarding.

We offer baths for dogs on their final day of boarding. Or on Friday if last day is Saturday. Would you like for your dog to have a bath? \$42.00 *The bath includes a nail trim, anal gland expression & ear cleaning. These three services are included in the price for the bath.*	YES or NO
Can your pet have a treat before we leave the building in the evenings? \$3.00 per night.	YES or NO
We provide Purina EN prescription food for our boarding patients at no extra cost to you. You may also bring in your own food supply. Please let us know in the space to the right if you are supplying your pet's food or if your pet will eat ours. Also let us know what your routine for feeding at home is normally.	Circle: Kennel Food or Food from Home Quantity: _____ cup(s) How Often:
We will send you a picture of your pet every other day, starting the first full day your pet is here. Please list the dates for every other day that your pet will be staying with us in the space to the right.	

REQUIREMENTS FOR BOARDING

- All animals must be current on all vaccinations (**any overdue vaccine will be given upon arrival, this includes an exam by the doctor**). If you cannot provide documentation, your pet will be considered unvaccinated.
- All animals must be free of external parasites (ex. ticks, fleas, etc.), or they will be treated at owner's expense.
- Brogli, Lane, Weaver & Alexander has my permission to do whatever is necessary should an emergency arise. If your pet needs any medical attention or medications while here, we will treat at owner's expense.
- If a tranquilizer is necessary for treatment or handling, Brogli, Lane, Weaver & Alexander has my permission to administer such medication.
- We encourage you **NOT** to leave toys or other items as these are easy to lose. Brogli, Lane, Weaver & Alexander is not responsible for any items lost or destroyed during stay or any medical problems that come about due to improper ingestion.
- **If your pet is receiving a bath on the discharge date please wait until afternoon to pick up your pet.**
- Brogli, Lane, Weaver & Alexander requires that Bordetella Vaccination is current (within the last 6 months). Bordetella vaccinations administered within the previous 7 days may not be protective as the animal will not have had adequate time to mount an immune response to Infectious Canine Tracheobronchitis (Kennel Cough).
- Bordetella (Kennel Cough) Vaccines are not 100% effective and any dog exhibiting symptoms of kennel cough will be treated at the owner's expense.
- **Any pet that requires additional care will accrue additional boarding fees as they are considered Medical Boarders.**

I have read the boarding requirements and understand the hospital's policies.
